

HOME CARE INSTRUCTIONS FOLLOWING ENDODONTIC TREATMENT

1. Avoid chewing on the tooth for several days.
2. Some soreness may be present in the present area for several days. If this occurs, taking 1 or 2 aspirin, Tylenol, or Ibuprofen will usually restore comfort.
3. If swelling or severe discomfort should occur, please phone for instructions.
4. Should any condition arise which causes you concern, please call our office.
5. Following today's treatment you will need to return to our office for:

Magnolia Family Dental
